SAY JERSEY RESULTS SHOW G. O. P. WILL WIN

Willcox and Hitchcock Jubilant—Mc-
Cormick Not Troubled.

(By the International News Service.)
New York, Sept. 27.—The primary
election returns were made today:

Chairman William R. Willcox, Re-
publican National Committee.—The
defeat of Judge Westcott, President
Wilson's personal choice for Demo-
cratic United States Senatorial nomi-
nation, must be accepted as a repudi-
ation of the President by his own
party in his home State. The large
Republican primary vote and the com-
paratively small Democratic vote
must convince one that the Republi-
cans are wide-awake and ready to
carry the President's own State for
Hughes in November.

Democratic national chairman.—"The
New Jersey primary was a contest be-
tween Democrats, and the national
committee never takes part in pri-
mary contests. A United Democracy
will wage a victorious campaign on
the entire ticket. We are confident
that President Wilson will carry New
Jersey just as the Democrats will be
successful in New York."

Frank H. Hitchcock, former Republi-
can national chairman.—"The Mar-
tine-Westcott primary returns are
very significant. If the President is
pleased with them Republicans surely
have reason to be delighted."

WASHINGTON PROPOSED AS FRATERNAL CAPITAL

Chamber of Commerce Urges Central-
izing of Headquarters.

Washington will become headquarters
for many of the largest fraternal orders
in America, if plans laid by the Cham-
ber of Commerce do not miscarry.

According to the statement of Presi-
dent P. T. Moran, the Chamber of Com-
merce has been laying out lines all over
the country for some time with a view
to influencing large fraternal orders to
make Washington their permanent head-
quarters. It is argued that this is the
logical place for them, where they can
do the most good and be in closest touch
with their interests.

There will be a meeting of the execu-
tive committee of the Chamber of Com-
merce at 12 o'clock today in its quarters,
1202 F street, to hear reports on progress
toward realization of the scheme. Mr.
Moran said the Chamber of Commerce
feels the fraternal orders here promises to
bring many thousands of dollars to the
city through the business of the organi-
zations and much more through conven-
tions and conferences.

The executive committee today prob-
ably will take action on the proposed ex-
tension of the Capital Traction Company's
line on Eighteenth street in the rear of
the Pan-American and Daughters of the
American Revolution buildings.

GETS HILL CHAIR AT HARVARD.

William J. Cunningham to Fill Pro-
fessorship in Transportation.

Cambridge, Mass., Sept. 27.—The James
J. Hill professorship in transportation
which was originally established in the
Harvard Business School by a gift of
\$25,000 made by friends and admirers of
the late Western railroad magnate is to
be filled by Prof. William J. Cunningham,
according to an announcement made here
today.

Sixty-four friends contributed to the
original fund, including thirteen presi-
dents of railroads and twenty-four bank-
ers. J. Pierpont Morgan and Howard
Elliott were included in the list.

The gift was a tribute to Mr. Hill's
genius as a railroad builder, operating
executive, developer of his country, and
as a financier.

EMPLOYED BY THE PENNA. RY. SHOPS

Mr. O. M. McElroy, Who Lives
at Pitcairn, Pa., Gives
Strong Endorsement
for Plant Juice.

When the delicate machinery of the
body is not working harmoniously, the
stomach not digesting the food properly,
poisons are retained in the system that
should be expelled.

The new laxative stomach remedy, Plant
Juice, assists nature by causing the
stomach to properly digest the food when
it promptly dissolves or neutralizes all
the poisonous acids that fermenting food
has left in the stomach, and the delicate
machinery, thus relieved of this ham-
pered acid accumulation, goes nat-
urally and normally about its work of di-
gestion without help of any kind. Plant
Juice counteracts acid formation in the
stomach and so-called dyspepsia and in-
digestion vanish, never to return.

Among the hundreds of local testi-
monials received praising Plant Juice
none are more interesting than the state-
ment of Mr. O. M. McElroy, who lives at
Pitcairn, Pa., and who has been the trusted employe of
the Pennsylvania Railroad shops for the
past ten years, who said:

"I have been in very poor health since
last September and it seemed almost im-
possible to get any relief. I had used a
prescription and had tried various reme-
dies, but my trouble did not yield to
them. My stomach seemed as though it
would not digest my food; my head
ached and my nerves were affected so
badly that I could not sleep. I always
felt tired and worn out; my appetite was
very bad and I did not seem to want
food. What little food I did eat did me
no good, and my bowels troubled me a
great deal. I commenced to use Plant
Juice, and I truly feel better from the
very first dose, and in three days I was
feeling so well that I could eat any kind
of food and it did not cause me distress
afterward. I now have a good appetite,
sleep good, do not have that tired feeling
when I get up in the morning, the bowel
trouble has entirely disappeared and I
am indeed grateful that I have used
Plant Juice, for I think it a very wonder-
ful medicine. I am recommending it to
all of my friends."

Any one of the following symptoms
may denote the presence of a deranged
stomach: Indigestion, dyspepsia, coated
tongue, sour stomach, gas or bloated
feeling after meals, sleeplessness, poor
appetite, heavy nervousness in the stom-
ach, restlessness, puffed eyes, bad taste
in the mouth and no energy.

The Plant Juice Man is at the People's
Drug Store, corner of Seventh and E
streets northwest where he is daily
meeting the local public, and introducing
and explaining the merits of this remedy.

NEW CAR LINE PLAN LAUDED AND OPPOSED

Public Opinion on Eighteenth Street
Extension Sharply Divided.

Public opinion is divided on the
project to extend the Capital Traction
Company lines down Eighteenth
street, in the rear of the Pan-American
and Daughters of the American
Revolution buildings, to C street.

P. T. Moran, president of the Cham-
ber of Commerce, last night said he
"would not favor the plan without
due consideration," and that "at first
thought it would appear that it
would seriously mar the beauty of
that section of Potomac Park," and
that "the clutter of street cars be-
hind the public buildings would not
be exactly desirable."

Dr. Mark F. Finley, president of the
West End Citizens' Association, said
he would not like to make a state-
ment for his organization, but it
appeared to him that the proposal
should be blocked.

"It will not relieve congestion in
the section west of Eighteenth and C
streets," he said.

Edward F. Colladay, president of the
Federation of Citizens' Associa-
tions, said he "favored any plan
which would open the public parks to
the use of the people who can't af-
ford to ride in private conveyances,"
and that the "proposed extension will
not seriously mar the beauty of the
park."

Glenn Brown, of the Washington
Society of Fine Arts, favored the pro-
posal on the ground that it would
enable people to get to the park and
the buildings.

Leon E. Dessez favored extension of
car lines to all parks, including
Rock Creek.

The plan will be taken up at the
next meeting of the Chamber of
Commerce and the West End Citizens'
Association. The proposed lines of
the Capital Traction Company would
pass down Eighteenth to C street and
west on C street to Virginia avenue,
returning on that street to Eight-
eenth, forming a terminal loop around
the triangle bounded by Eighteenth
street, C street and Virginia avenue.

It is argued that such an extension
would enable employees of the new
Interior Department at Eighteenth
and E streets to go directly to work
and enable visitors to the public
buildings in that part of the Mall and
to the tennis courts to avoid the long
walk from Seventeenth street and
Pennsylvania avenue.

THE GREAT NATIONAL BLOOD PURIFIER

Announcement to the Public

The letter shown here is one that is being sent to all our dealers.
It is self-explanatory and we are taking you into our confidence
because we feel you should be informed.

September 27, 1916.

Dear Sir:—

For a year or more we have been forced
to contend with tremendous and continual increase
in price of all ingredients and labor entering
into the production and delivery of our ice cream,
which increase of cost we have absorbed, believ-
ing that relief would be accorded by the recession
of prices to normal. However, as no abatement
of these advances is imminent, we in self-preser-
vation and protection, beg to announce that ef-
fective October 1, 1916, an advance of 10 cents
per gallon in the wholesale price of our ice
cream will be made.

After mature consideration, we have
adopted this course rather than to detract from
the quality of our ice cream, and we are sure
that our action will meet with your approbation
and merit a continuance of your valued patronage.

Thanking you for your past courtesies
and consideration, we are,

Yours very truly,

Political Notes

Shadow Lawn, N. J., Sept. 27.—Judge
Samuel Seabury, Democratic nominee for
governor of New York, after another
conference with President Wilson, said
before departing today:

"The tide is turning away from Hughes.
President Wilson will carry New York."
He added that Mr. Wilson probably
would speak twice in New York State
during the campaign. Vance McCormick,
Democratic national committee chairman,
and Walter Lippmann, editor of the New
Republic, are expected here for confer-
ences with the President.

Mr. Wilson showed deep interest today
in the New Jersey primaries, but had no
comment to make. A woman presented
the President with a four-leaf clover
today which she had found on Shadow
Lawn, telling him it was a good omen for
his re-election.

New York, Sept. 27.—Judge Ben Lind-
say, of Denver, called at Democratic
headquarters today and at once declared
that President Wilson would carry Colo-
rado. Judge Lindsay was formerly a
Progressive leader in that State.

"The Progressive vote in Colorado will
be split about 50-50," said the judge. "It
is possible that President Wilson may
get the majority of the votes. Edward
P. Costigan, Progressive candidate for
governor in 1912 and again in 1914, has
come out against Mr. Hughes."

New York, Sept. 27.—George W. Per-
kins, former chairman of the Progressive
party's national committee, today aimed
a few broadsides at President Wilson be-
cause of his speech in Baltimore Monday.

Mr. Perkins, who is now supporting the
candidacy of Charles Evans Hughes, made
the attack through a letter sent to
Joseph Tumulty, secretary to the Presi-
dent.
